Barry Stebbing

Creator of *How Great Thou ART Publications*, has been traveling the United States and Canada with his wife Sandra, teaching beginning drawing and painting to homeschoolers for 15 years. It is estimated that they now have personally instructed over 60,000 students. The purpose of this course is to show students that they **CAN** do good artwork, to manifest that God has given everyone the ability to create, and that drawing and painting are **LEARNED** disciplines. The course includes many basic fundamentals in beginning drawing and painting, an introduction to art appreciation (studying the great masters), and new techniques in the use of colored markers and colored pencils.
