

2024-2025 Upper School Co-Op Info

Times 2024-2025

Students will need to arrive on Campus at 9:00 am. Classes will be over at 2:30. Students will need to assist with set up and tear down.

Placement Tests

Please note that there are prerequisites for some classes and a minimum reading and math standard to be admitted. All students new to Upper School Co-Op will need to take a placement test.

Class Size Limits

Co-Op is growing and we want to be able to accommodate as many students as possible. However, we need to keep class sizes manageable for teachers and our actual space. Therefore, we will have class limits this year. We are offering more classes and our hope is that students will be able to follow a schedule that aligns with their grade and follows a progression that will help them meet minimum requirements for graduation.

We will be filling the classes on a first come first serve basis with preference to current families and students taking a full course load this year.

Registration for new students begins April 5th.

Serving Requirements

We know that there are some special circumstances where a parent cannot help at Co-Op. We are thankful that the Lord has provided parent-teachers for each of our classes for the upcoming year.

Every family is expected to help in some capacity

as a part of your commitment to Co-Op.

There is a two-person policy that is in place in each classroom. At least one parent will need to have a current CMVA and completed Ministry safe training on file in order to serve in the children's building where co-op is located. Serving opportunities will be determined according to the needs of the Co-Op after registration is complete.

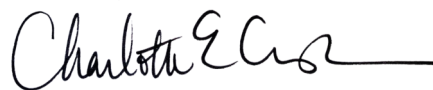

The beauty of Co-Op is that families are helping other families to be able to continue to homeschool through the upper grades. Our group is a ministry of volunteers and a Co-Op by design is cooperative. We need you to be willing to find a place where you can serve. Please come to me directly if you have mitigating circumstances so that we can work around your needs.

Save your family's spot!

Please fill out the attached family application and registration for your student(s) and submit to us with a \$25.00 check or cash deposit to hold your family's spot. The \$25.00 will be applied to your fees for the year.

We will begin taking new registrations April 5th.

Thank you!
